# Never Over Pay For An Automobile Again! The "Auto-Guru" Saves You \$3,000 or More!!!

If you're like me, the car buying experience is worse than getting a root canal without novacaine! Who wants to spend a whole day (or nite) held captive at some car lot? Why can't you just get what you want without all the hassles? And without having to worry about being taken advantage of?

## The "Auto Guru" Takes the Hassle Out of Buying a Car and on Average Saves You \$3,000

Gary Luedeck, owner of Bavarian Motorsport, specializes in finding late model, low mileage vehicles. And because he doesn't have any inventory, his overhead is super low, which means he can pass on the savings to you (and me)!

He's been doing this for 20 years! Before that he was a BMW factory-trained technician. He finds precisely the car (motorcycle, boat or motorhome) you're looking for. You just tell him the year, make, model, color, mileage & 'stuff' you want. He can even ship it to your front door, even if that door is hundreds of miles away!

## 100% Money Back Guarantee

Gary makes sure you're happy. If there is any issue with your car in the first few months, he will gladly buy back the car! Try and find anyone else with such a bold guarantee!

## Is It Under Warranty?

Gary normally buys low mileage, late model vehicles still under warranty.

He even checks the in-service date of the vehicle (the date it was originally purchased) to make sure the warranty is still valid.

*My new Sequoia!!!*

We all know it's a better deal to buy a slightly used car than a new one. But, if you've got your heart set on a brand spanking new vehicle, Gary can still take care of you. At prices lower than what you're probably able to negotiate on your own, or over the internet.

## I'm A Very Satisfied Customer. Here's My Story:

Recently I wanted to get rid of my oversized SUV (a GMC Denali). So I called Gary and told him exactly what I was looking for (a Sequoia, Tahoe or Yukon). After about two months of looking, Gary told me I'd either have to consider an older (more mileage) vehicle or a brand new one to get what I wanted.

So Gary started looking for a new one. In the meantime (Gary didn't know this) I shopped every dealer in Florida over the internet and got what I thought was a pretty good price. About 20% off sticker!

When Gary called I was shocked! He had found exactly what I was looking for and—get this... it was the same vehicle from the same dealer who offered me 20% off sticker .....except the price was \$5,065 lower!

## Gary Saved Me \$7,361!!!

I picked up my new Sequoia the very next day. Actually, Gary had it

delivered to my office. Not only that, Gary sold my Denali for me too. So I only paid sales tax on the difference, just like the car dealers do! This saved me another \$696 in sales tax!

What I didn't tell Gary, was that I had already gotten the Denali appraised by CarMax, who had given me a written offer to buy my Denali. Gary sold my old Denali for \$1,600 more than what CarMax had offered me!

## No Hassles, No Hagglng

Best of all, I eliminated the hassles and haggling of buying a car. The paperwork process took all of 10 minutes. None of this "I'll have to check with my manager garbage!"

## What's The Cost???

Here's the best part about working with Gary "Auto-Guru" Luedeck. He charges a fixed fee for his services ..... **\$500!!!**

How much simpler can it be?
